Application Process Overview

Sammy **Data Request**

LLC | 2 CLOSER-UKLLCwebinar_Apr2022_DataRequest

- All data deposited into the UK LLC TRE is made available for request on the **Data Request Form**
- In order to make a Full Application, applicants must download and fill out a Data Request form and Codelist Template (if applicable)
- The Data Request will be reviewed as part of the Full Application Review Process, and only approved data will be provisioned in the TRE, if an application is successful
- The Data Request Form is a LIVE document, updated regularly as new data and documentation become available

INSTRUCTIONS FOR COMPLETING YOUR DATA REQUEST FORM(S)

1. The Data Request Form

The Data Request Form is a live document of all the data blocks available for request in the UK LLC Trusted Research Environment (TRE). This form should be used to browse the data currently available. It gives information about the Longitudinal Population Study (LPS) collected data, as well as the linked health data. If you have any questions about the content of the data blocks listed on the form, please email access@ukllc.ac.uk

Step by step instructions about how to fill out the form are available on the 'Overview & instructions' tab of the Data Request Form, as well as on the 'Study data requested' and 'Linked data requested' sheets.

Our data provisioning process in the TRE relies on the format of the Data Request Form remaining unaltered, so please do not edit any of the fields that do not require a response.

Please note: This is a live document that reflects the current data available – to ensure you have the opportunity to request all the data you need, please download and complete the Data Request Form as close to the time that you intend to submit your application as possible, so you can see the most up to date data available. However, if you see that new data blocks have been added to the Data Request Form after you have submitted your request, please email <u>access@ukllc.ac.uk</u> to make an amendment.

The Data Request Form is made up of four Sheets

- 1. <u>Overview & Instructions</u>
- 2. Study Info & Links
- 3. Study Data Requested
- 4. Linked Data Requested
