

Inequalities: a longitudinal perspective

1-2 November 2017

British Library Conference Centre, London, NW1 2DB

Please note this is the draft programme and may be subject to change

Wednesday 1 November 2017

- 9:00-9:30 Registration and refreshments
- 9:30-9:35 **Welcome** (Auditorium)
Allan Sudlow, British Library
- 09:35-10:35 Keynote presentation (Auditorium): **Inequalities across the generations: a longitudinal perspective**
The Rt. Hon. the Lord David Willetts, Resolution Foundation
- 10:35-10:55 **Understanding inequality: resources for research** (Auditorium)
Alison Park, CLOSER Director
- 10:55-11:15 Tea/coffee break

11:15-12:35 Breakout sessions

	Health 1: Health behaviour	Education 1	Mental health and wellbeing 1: Over the lifecourse	Ageing
	Auditorium Chair: Mark Hamer	Eliot Room Chair: Alison Park	Bronte Room Chair: Anne McMunn	Chaucer Room Chair: Amanda Sacker
11:15-11:35	Stability and change in leisure time physical inactivity in mid-adulthood and corresponding changes in health and social factors in a prospective British birth cohort study	Changing Inequalities in Teenage Vocabulary: A comparison of cohorts born in 1970 and 2000	Childhood correlates of mental wellbeing in adulthood: prospective evidence from three British birth cohorts	Beyond "Social Syndrome": An interplay among education, social class and wealth, predicting dementia risk in the English Longitudinal Study of Ageing
Speaker:	Snehal Pinto Pereira	Alice Sullivan	Mai Stafford	Dorina Cadar
11:35-11:55	Physical activity in adolescence and health in mid-life: Evidence from the 1958 and 1970 British birth cohorts	Is student academic self-concept associated with GCSE outcomes?	A structural equation modelling approach to understanding childhood influences on happiness, cognitive functioning and well-being in early old age	Retirement and Health: Evidence from England
Speaker:	David Bann	Morag Henderson	Brian Dodgeon	Liam Rose
11:55-12:15	Ethnic differences in exercise on referral programme efficacy and completion rates	A narrative case study inquiry in to the experiences and academic trajectories, of the BTEC level II Media learner, within the broader contexts of policy cascade in further education.	Symptoms of mental health problems in childhood and educational achievement in adolescence and adulthood: evidence from the British 1970 birth cohort	Job loss and Aging in the Philippines
Speaker:	Jacqueline Francis	Jo Shah	Darya Gaysina	Mae Abigail Oberos
12:15-12:35	N/A	Examining the genetic influences on educational attainment and the validity of value-added measures of progress in educational research	Trajectories of Depressive Symptoms from Childhood to Young Adulthood: Evidence of Gender Differences from the Avon Longitudinal Study of Parents and Children (ALSPAC)	Supporting ageing parents and changes in quality of life in Sweden and Denmark
Speaker:	N/A	Tim Morris	Alex Kwong	Thijs Van Den Broek

Wednesday 1 November 2017

12:35-13:15 Lunch and networking

13:15-14:35 Breakout sessions

	Health 2: Socioeconomic influences on health Auditorium Chair: Kate Northstone	Neighbourhood 1: Neighbourhood and mental health Eliot Room Chair: Emily Murray	Economic 1: Labour market Bronte Room Chair: Dick Wiggins	Childhood adversity Chaucer Room Chair: Margaret O'Brien
13:15-13:35	Does lack of adherence to spectacle wear impact on developing literacy in young children?	Does your childhood neighbourhood have a bearing on self-rated health in later life?	Turbulent transitions and labour market outcomes in Canada	Long term economic impact associated with childhood bullying victimisation
Speaker:	Alison Bruce	Owen Nicholas	Michael Smith	Nicola Brimblecombe
13:35-13:55	Changes over time in the associations between early-onset myopia and key early life factors	A longitudinal study of neighbourhood effects on trajectories of depressive symptoms using data from the Avon Longitudinal Study of Parents and Children (ALSPAC)	Forecasting Life Cycle Outcomes using Childhood Skills	Longitudinal, cross-national comparisons of the long-term trajectories of care leavers
Speaker:	Vasiliki Bountziouka	Alex Kwong	Chase Corbin	Claire Cameron
13:55-14:15	Social influences on health-related behaviour clustering during mid-adulthood in two British birth cohort studies.	"Does my neighbourhood make me ill?" Exposure to small-area disadvantage and health trajectories over time	Onwards and Upwards? The Role of Internal Migration in the UK for Graduates' Social Mobility in the Context of Different Career Paradigms	Associations between child maltreatment and adult physical functioning in a prospective British birth cohort
Speaker:	Claire Mawditt	Lucy Prior	Bozena Wielgoszewska	Snehal Pinto Pereira
14:15-14:35	N/A	Testing for critical periods of neighbourhood effects across the life course on mid-to-later life health and well being	N/A	Psychosocial adversity and socioeconomic position during childhood and epigenetic age: analysis of two prospective cohort studies
Speaker:	N/A	Stephen Jivraj	N/A	Rebecca Lawn

14:35-15:00 Tea/coffee break

15:00-16:20 Breakout sessions

	Health 3: Ageing	Neighbourhood 2	Social 1	CLOSER Discovery demonstration	
	Auditorium Chair: Rebecca Hardy	Eliot Room Chair: Kate Northstone	Bronte Room Chair: Morag Henderson	Chaucer Room Will Poynter & Alison Park	
15:00-15:20	Education and mortality in three Eastern European populations: findings from the PrivMort retrospective cohort study	The role of the neighbourhood on young people happiness, self-perception and social interactions.	Different degrees of career success: social origin and graduates' labour market trajectories	Introduction to CLOSER Discovery: A resource for researchers using longitudinal data	
Speaker:	Katarzyna Doniec	Franco Bonomi Bezzo	Bozena Wielgoszewska		
15:20-15:40	Repeatedly measured material and behavioral factors change the explanation of socioeconomic inequalities in all-cause mortality: the GLOBE study	Diversity and Neighbourhood Satisfaction	Structure or family? A comparison of the educational systems of England and Germany and their impact on qualification and employment in adulthood.		
Speaker:	Joost Oude Groeniger	Monica Langella	Marie Wohlbrandt		
15:40-16:00	Examining the relationship between lifetime socioeconomic position and vascular ageing in the 1946 British birth cohort study	Outdoor air pollution and emotional and behavioural problems in early childhood	Origins, Education and Destinations in the 1970 British Cohort Study		N/A
Speaker:	Anitha George	Emily Midouhas	Alice Sullivan		
16:00-16:20	Inequalities in time from stopping work to death: the ONS Longitudinal Study	Promoting mental well being in the ageing urban population: determinants, interventions and policies in European cities (MINDMAP)	Do school accountability practices increase inequality of educational opportunity? Panel estimates from PISA.		
Speaker:	Emily Murray	Frank Van Lenthe	Rodrigo Torres		

16:20-18:00 Wine reception

Thursday 2 November 2017

9:00-9:30 Registration and refreshments

9:30-10:50 Breakout sessions

	Health 4: BMI	Education 2	Mental health and wellbeing 2: During childhood	Economic 2: Income and wealth
	Auditorium Chair: Will Johnson	Eliot Room Chair: Alice Sullivan	Bronte Room Chair: Lynn Molloy	Chaucer Room Chair: Alissa Goodman
9:30-9:50	The Role of Family structure in predicting overweight and obesity outcomes in children	Maternal and paternal involvement in educational activities and early child development	Ethnic variations in mental health among British youths 10-15 years old living in England & Wales: Neighbourhood composition and parental behaviour	What does a qualitative longitudinal study of childhood poverty tell us about poor children's access to money and material possessions
Speaker:	Ben-Lawrence A. Kemah	Isabelle Fischer	Kenisha Russell Jonsson	Larissa Pople
9:50-10:10	Socioeconomic inequalities in body mass index, weight, and height: coordinated analyses from four British birth cohort studies initiated in 1946, 1958, 1970, and 2000/1	"Universal" early education and care: who benefits for longest? Tracking take-up through the National Pupil Database	The father's departure from the household and childhood mental health: how does timing matter?	Parental wealth and children's outcomes
Speaker:	David Bann	Tammy Campbell	Aase Villadsen	Vanessa Moulton
10:10-10:30	The impact of maternal employment on children's weight	Do early life "non-cognitive skills" matter? A systematic review of early life effects on academic achievement, psychosocial, language and cognitive, and health outcomes	Primary school context and longitudinal pathways from early life events to teen risk behaviour and depressive symptoms: analysis using the Avon Longitudinal Study of Parents and Children	Low income dynamics among ethnic minorities in GB
Speaker:	Emla Fitzsimons	Neil Davies	Alison Parkes	Ricky Kanabar
10:30-10:50	N/A	An analysis into the genetic similarity of educational attainment, cognitive ability and socioeconomic position	Inequalities in child and adolescent mental ill-health and wellbeing: Millennium Cohort Study	N/A
Speaker:	N/A	Tim Morris	Praveetha Patalay	N/A

10:50-11:10 Tea/coffee break

11:10-12:30 Breakout sessions

	Health 5: Maternity and breastfeeding Auditorium Chair: Hazel Inskip	ONS Longitudinal Study Symposium Eliot Room Chair: Nicola Shelton	Childhood behaviour Bronte Room Chair: Alison Parkes	Social 2 Chaucer Room Chair: Mai Stafford
11:10-11:30	Socioeconomic inequality in postnatal depression: a potential early-life root of disadvantage	A Longitudinal Investigation of the Religious Dimension to Unemployment Dynamics in Northern Ireland	What helps prevent at-risk children developing antisocial and criminal behaviour? Using ALSPAC to investigate long-term outcomes associated with factors identified as protective in a longitudinal qualitative study.	Intergenerational transmission of family disadvantage: examining constellations of risk factors
Speaker:	Jemimah Ride	Neil Rowland	Madeleine Stevens	Gabriella Melis
11:30-11:50	Preconceptional maternal anxiety is associated with childhood emotional problems, independent of the effect of post-natal depression	Understanding the impact of fertility history on health outcomes in later life	Mechanisms linking family SES and child antisocial behaviour: A systematic review of longitudinal studies	Lifetime poverty and attitudes to retirement among a cohort born in 1958
Speaker:	Hazel Inskip	Lee Williamson	Nora McIntyre	Alissa Goodman
11:50-12:10	Pre-pregnancy Body Mass Index and breastfeeding initiation, early cessation, and longevity: Evidence from the Millennium Cohort Study	Exploring the economic outcomes of young people Not in Education, Employment or Training (NEET) in England and Wales using the Longitudinal Study	Internalising and externalising behaviour profiles across childhood: The consequences of changes in the family environment	Overcrowding and health: Is 'all's well that ends well'?
Speaker:	Tammy Campbell	Wei Xun	Afshin Zilanawala	Noriko Cable
12:10-12:30	Local environmental quality positively predicts breastfeeding in the UK's Millennium Cohort Study	The association between health and degree subject area - research using the ONS Longitudinal Study	N/A	N/A
Speaker:	Laura Brown	Nicola Shelton	N/A	N/A

12:30-13:40 Lunch and networking

13:40-14:40 Keynote presentation (Auditorium): **The long view: understanding health inequalities through longitudinal studies**
Professor Kate Pickett, University of York

14:40-15:00 Tea/coffee break

15:00-16:20 Breakout sessions

	Health 6: Health and employment/ unemployment/ income Auditorium Chair: Rebecca Hardy	Parenthood Eliot Room Chair: Alison Park	Mental health and wellbeing 3: Wellbeing Bronte Room Chair: Praveetha Patalay	CLOSER Discovery demonstration Chaucer Room Will Poynter
15:00-15:20	Is any job better than no job? Re-employment, job quality, health and allostatic load biomarkers: Prospective evidence from the UK Household Longitudinal Study	Inequalities in Political Interest: The Impact of Parenthood	The Effect of Sexual Orientation on Subjective Well-being	Exploring the new features of CLOSER Discovery
Speaker:	Tarani Chandola	Susan Banducci & Emily Sewell	Samuel Mann	
15:20-15:40	Health and Employment Inequalities amongst the Migrant Population in the UK: A Latent Growth Curve Analysis	Who pays the price for their partner's career?	Trajectories of life, job and partnership satisfaction in the 1958 and 1970 British cohorts studies	
Speaker:	Elenora Iob	Laura Langner	Martina Narayanan	
15:40-16:00	Does the predictive power of the contested social mobility model on CVD risk extend to low income countries?	Returns home by children and changes in parents' wellbeing in Europe	How are millennials faring? Initial findings from Next Steps	
Speaker:	Katie Hyde	Marco Tosi	Morag Henderson	
16:00-16:20	Income-related inequity in access to health care in China: evidence from a longitudinal household survey from 2000 to 2006	N/A	N/A	N/A
Speaker:	Miaoqing Yang	N/A	N/A	

16:20 Conference end
